

Caroline Harrison
Trustee

I am committed to providing strong leadership, accountability and positive impact across the all communities. With over 20 years' experience working in law enforcement, I bring a well-established background in decision-making, safeguarding, risk management and professional accountability. My career has centred on supporting people, protecting the vulnerable and ensuring that systems and services operate with integrity and purpose.

I am passionate about helping individuals reach their full potential, particularly those facing additional challenges such as learning disabilities or barriers to social mobility. Empowering people to thrive, feel valued and access the right opportunities is at the heart of my work. Alongside my professional experience, I also serve as a school governor, where I contribute to strategic oversight and champion inclusive support for young people.

Outside of work, I am a keen DIY enthusiast and enjoy taking on practical projects. I have a strong personal commitment to supporting children, families and communities, especially in areas where opportunities can be limited. Being part of a charity that shares these values is a privilege, and I am dedicated to helping shape an environment where people are supported, encouraged and able to achieve their very best.
