

Jane Pryce
Trustee

Hi, I'm Jane Pryce — a Blacon girl through and through! I've lived here all my life and raised my family here, so I'm pretty passionate about our community and the people in it.

By day, I'm a Program Lead for Reviews at Cheshire and Wirral Partnership NHS Foundation Trust. I'm a mental health nurse at heart, and I spend a lot of my time helping teams learn, reflect, and make things better for the people we support. I like to think I bring a mix of honesty, compassion, and a bit of humour to the job — because sometimes you really need all three!

Outside of work, you'll usually find me buried in football emails or sorting something out for Blacon Youth Football Club, where I'm the Secretary. It keeps me busy, but I love being part of something that gives local young people a great place to play, grow, and feel supported.

I'm all about community, connection, and doing my bit — whether that's in the NHS or right here in Blacon.
