

Ross Broadbent
Trustee

I have lived in the Blacon community my entire life and have always been passionate about supporting local people and grassroots sport within the area.

Over the years, I have helped organise a number of charitable and community events and regularly volunteer my time within the local community. I am also actively involved with local football and boxing clubs, where I volunteer and sit on the committees of local amateur sports clubs.

As a Trustee of Blacon Community Trust, I am committed to helping create positive opportunities for young people and supporting the continued growth and development of the Blacon community.
